Fall Art Exhibit: Three Faces of Eve

By Eve Ozer

Imagination is where German born artist, Eve Ozer, lived in her early years. She invented a mythical mirror twin named Ila and the two of them inhabited a magical world of unlimited possibilities. Eve believes this was the beginning of her visual storytelling.

Through independent study, advice from other artists and workshops, Eve found her niche in painting, collage, and mixed media. Her work can be found in corporate offices in Chicago, part of the permanent collection of abstract art at the Ukrainian Institute of Modern Art and in private collections throughout the United States and the United Kingdom.

This exhibition, presented in three acts, took 71 years to complete. It will be on display in the Quiet Reading Room October through November.

Artist's Reception

Thursday, October 27

Illinois Libraries Present

VIRTUAL: A Conversation with Marlee Matlin

Wednesday, September 14 at 7:00 p.m.

In celebration of Deaf Awareness Month, Marlee Matlin shares the highs and lows of her Hollywood career and journeys as an activist. The youngest recipient of the Best Actress Oscar, Matlin's acting career recently achieved another milestone as her 2021 film CODA swept every category it was nominated in at the 2022 Academy Awards.

A longtime advocate for deaf rights, Matlin continues to break down barriers for herself and others through her acting, awareness, and writing. As she has so aptly stated, "The only thing I can't do is hear. The rest is there for the taking."

This program will be offered in ASL and translated through an interpreter.

These virtual events are free and open to the patrons of Illinois Libraries Present members. For more information and to register, visit hinsdalelibrary.info/ILP.
